HPE SimpliVity

Reimagine hyperconverged with Ingram Micro

A single, integrated edge optimised hyperconverged platform that creates an intelligent foundation for private cloud. HPE SimpliVity has AI-driven operations, built-in data protection and advanced data services that deliver easy VM management and mobility.

Because hyper-amazing things come in small packages.

START SCROLLING

HPE SimpliVity, in a nutshell…

Reduce Data Centre Footprint

90% (10X) capacity savings across primary and secondary storage [7]

Lowing TCO

Reduce costs by 69% [6]

Easy to Manage

Centrally manage edge to core from single interface

Reduce Back Up Times

Back up VMs and automate edge to core off-site disaster recovery

Increase Efficiency

Rapidly deploy and scale to meet demand with 1-click to update software, hypervisor and firmware

Reduce Support Costs

Mitigate data loss with built-in data protection and diagnose 86% of issues before they happen with HPE InfoSight [5]

Predictable Performance

Only unique data is written to disk

[5] "HPE data analysis: The average % of cases auto-opened and auto-closed with solution provided for calendar year 2019 was 86.9%," December 2019

6, 7 Forrester Report: The total economic impact of HPE SimpliVity hyperconverged infrastructure, May 2019 https://www.hpe.com/us/en/integrated-systems/simplivity.html

Crack this revenue generating opportunity

Speak to customers considering a move from traditional IT infrastructure to a hyperconverged solution, or existing HPE SimpliVity customers interested in expanding their footprint with a HPE ProLiant Gen10-based or HPE Apollo Gen10-based HPE SimpliVity solution.

Infrastructure complexity

Require multi-domain experience that supports the growth of public cloud

Constant fire fighting

Uncontrolled VM sprawl that compromises strategic business initiatives

Pressure to lower cost

Constant demand for speed and agility at scale, that helps accelerate application development

Pressure to do more

Customers of all sizes need a platform that delivers efficient and secure performance continuity for all container-based workloads

Visibility and insight

Need for global intelligence to better manage, plan and operate their HPE SimpliVity environment

Speak to your Ingram Micro Storage Expert – there to help you uncover selling opportunities available to you

HPE SimpliVity 325 Gen10 with VMware All-Flash Model Specifications

↻	Model	CPU Configuration	Memory	Storage Configuration	Usable Storage Capacity	Raid Configuration
×	**XS**	1P AMD EPYC 16–64 Cores	256–2048 GB	4x1.92 TB SSD	4.6 TB	2 RAID 10 3+1 RAID 5
×	**Small**	1P AMD EPYC 16–64 Cores	256–2048 GB	6x1.92 TB SSD	7.5 TB	3+3 RAID 10 5+1 RAID 5

HPE SimpliVity 380 Gen10 Software-Optimised Specifications

↻	Model	CPU Configuration	Memory	Storage Configuration	Usable Storage Capacity	Raid Configuration
×	**6x SSDs**	1P Intel Xeon 8–28 Cores	128 GB to 1536 GB	6x1.92 TB SSD	7.5 TB	RAID 10
		2P Intel Xeon 8–28 Cores	256 GB to 3072 GB			RAID 5
×	**6x SSDs**	1P Intel Xeon 8–28 Cores	128 GB to 1536 GB	8x1.92 TB SSD	10.6 TB	RAID 10
		2P Intel Xeon 8–28 Cores	256 GB to 3072 GB			RAID 5
×	**12x SSDs**	1P Intel Xeon 22–28 Cores	192 GB to 1.5 TB	12x1.92 TB SSD	15 TB	RAID 10
		2P Intel Xeon 12–28 Cores	384 GB to 3.0 TB			RAID 5
×	**16x SSDs**	1P Intel Xeon 22–28 Cores	192 GB to 1.5 TB	16x1.92 TB SSD	20 TB	RAID 10
		2P Intel Xeon 12–28 Cores	384 GB to 3.0 TB			RAID 5
×	**24x SSDs**	1P Intel Xeon 22–28 Cores	256 GB to 1.5 TB	24x1.92 TB SSD	32 TB	RAID 10
		2P Intel Xeon 12–28 Cores	512 GB to 3.0 TB			RAID 5

HPE SimpliVity 380 Gen10 H

↻	Model	CPU Configuration	Memory	Storage Configuration	Usable Storage Capacity	Raid Configuration
×	**HPE SimpliVity 380 Gen10 H LFF**	1P Intel Xeon 8–28 Cores	128–1536 GB	4x1.92 TB SSDs 8x4.0 TB HDDs	25 TB	RAID 10
		2P Intel Xeon 8–28 Cores	256–3072 GB			RAID 6
×	**HPE SimpliVity 380 Gen10 H SFF**	1P Intel Xeon 16–28 Cores	192–1536 GB	4x1.92 TB SSDs + 20x1.2 TB 10K RPM HDDs	20 TB	RAID 10
		2P Intel Xeon 8–28 Cores	384–1536 GB			RAID 6

Hyperconverged Infrastructure (HCI) just got sweeter with HPE SimpliVity HCI available from Ingram Micro!

HPE SimpliVity HCI is ideal for SMB customers who require general purpose HCI, including multi-site remote locations, retail, banking, and manufacturing. HPE SimpliVity HCI is also ideal for the enterprise edge in sites with little-to-no IT capabilities.

High-availability in the smallest footprint

All-in-one with built-in data protection

Remote, multi-site management

Have your pick & mix with HPE SimpliVity HCI

Ingram Micro. Global Reach. Local Touch.

Storage represents a profitable opportunity for our Partners, to accelerate their HPE business and **grow long-term revenue**

Solution Architecture

We work with a range of Vendors and Partners to coordinate the development of technology solutions that solve real world problems.

Sales Enablement

Our enablement program is focused on Partners who understand rapidly growing opportunities and are ready to get started on the HPE journey.

Technical Support

We'll work with your sales and technical teams to understand the technology, identify opportunities and guide you through the first deployments.

Business Intelligence-as-a-Service

We're continually onboarding technology Partners to help extract and get better value from data collected by our storage team.

Build, Deploy, Maintain & Support

By working closely with our deployment Partners, we aim to provide the latest storage knowledge and expertise.

Marketing Enablement

As well as our 1:1 enablement program, our internal marketing agency can support with white labelled collateral, webinars, case studies, campaigns and more.

Cloud Services

Our cloud teams can offer a range of support around cloud infrastructure and services for any given storage use case.

Financing

Our partners can leverage Ingram Micro's established financing capabilities to provide any technology solution, helping turn CAPEX to OPEX costs for customers.
