

Empower business growth with Smart Financing

Partner with us to accelerate innovation and success.

Ingram Micro Financial Solutions offers flexible payment options to help partners and vendors optimise cash flow, spread costs, and drive technology adoption. Through global Tier 1 bank partnerships and captive financing, we create customised deal structures that enable innovation while protecting financial interests.

We support complex, multi-faceted solutions, integrating hardware, software, and services globally to help partners scale efficiently. Our Connect Virtual Lease Desk provides direct access to financial experts, streamlining deal structuring, leasing quotes, and approvals in real time.

With deep industry expertise, strong financial backing, and global reach, we empower partners with financial flexibility to unlock new revenue opportunities, enhance competitiveness, and drive business growth.
