

XPS Laptops

Expertly crafted to power your passions.

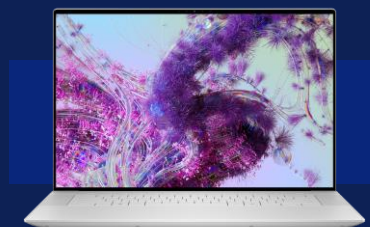

XPS

PORTFOLIO

XPS 16

Supercharged performance. Our most powerful XPS for the most intensive projects

XPS 14

Perfect balance of power and portability in a new 14-inch form for mobile creation or power on the go.

XPS 13

Ultimate mobility with our thinnest and lightest XPS laptop, built for multitasking or productivity on the go.

Innovative technologies in award-winning designs with XPS

- Expert craftsmanship with attention to finest details
- Premium construction with CNC machined aluminum
- Small, thin and light laptops so you can work anywhere
- Most awarded product line in Dell history
- Best-in-class displays with high resolution, vivid color and InfinityEdge
- Blue light reduction with Eyesafe® built-in
- Latest Intel® and Snapdragon® processors, Nvidia RTX™ graphics options
- Advanced thermal designs
- World-class ecosystem
- Sustainable packaging and EPEAT Gold
- Enterprise manageability and Dell's award-winning security software
- Global available services

Exceptional build quality, innovation, and powerful features
with manageability and security options

Unleash your creativity with
XPS

Supercharged performance. Iconic design.

XPS 16

Sleek, iconic design

- Expert craftsmanship with premium materials like **CNC machined aluminum and Gorilla® Glass® 3**
- **Innovative interiors** that are easy-to-use and comfortable.
- The **seamless glass touchpad** is clean and smooth with haptics feedback which provides precise, responsive feedback.
- A **Zero-Lattice Keyboard** with wide and deep keys for comfortable typing
- With the **touch function row** users can easily toggle between function and media keys with ease by hitting function + escape.

High performance for creation

- Demanding apps run smoother and faster; Rendering, file conversion and large file transfers take you less time.
- Up to 80W of power with **Intel® Core™ Ultra processors and up to NVIDIA RTX™ 4070 graphics**
- Effortlessly tackle complex workloads with outstanding performance, efficiency and battery life powered by **Intel® Core™ Ultra processors**

Immersive sight and sound

- True-to-life , vivid color and sharp detail on displays + incredible sound so content comes to life, so you are totally immersed.
- Up to **4K+ OLED display** with 100% DCI-P3 color for stunning front of screen
- Moving content is smoother with up to **120Hz variable refresh rate**, which improves battery life when viewing static images.
- 3D surround sound with **10W quad speaker design**, with two up-firing and two down-firing speakers
